That would be great. We don't want to reinvent the wheel on this. I will be looking for the TPs.  
Thank you.

Becky, are you aware of any already approved talking points for G K Mine that would meet the request below. Thanks

Thanks. I've also left messages with the OSWER specials (Becky B. and Nick H.). Haven't heard anything back yet...

**Importance:** High

Christie/George,

See below request from OITA. Are you aware of any talking points we may have put together for Mathy when he spoke at a tribal event last month? Can't recall the details, but seem to remember Mathy having a speaking role on GKM.

Might fit the bill for the below request.

And, in any case, would look to PIO/OPA to help support.

Hello,

Spoke with Nick, who suggested I reach out to you directly about pulling together a few talking points for Administrator McCarthy for her upcoming event at the National Congress of American Indians, given the quick turnaround. Any information you could pull together re: Gold King Mine, would be a great help. Sorry for the fast turnaround, it looks like OITA would like this information by **COB today.**

Many Thanks!

Jessica

Hi everyone,

Sorry for the extremely short notice, but we are working quickly to pull together some talkers for the Administrator's remarks this coming Monday, Oct. 19, at the National Congress of American Indians Annual Conference. We just received notice of the date and time on Friday.

By COB today, please send me any **highlights** – short and sweet – that you'd like to include. Existing talking points from which we can cut and paste would be most welcome.

Pat and Felicia, we're specifically looking for anything you may have on the Clean Power Plan and the various OW initiatives.

Feel free to call with any questions.

Thank you,

- Mary
